PURPOSE

We aim to ensure children and families receive a positive and informative enrolment and orientation process that meets their individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

IMPLEMENTATION

Our Service accepts enrolments of children aged between 6 weeks- 6 years of age.

Enrolments will be accepted providing:

- a) The maximum daily attendance does not exceed the licensed capacity of the Service
- b) A vacancy is available for the booking required
- c) The adult to child ratio is maintained in each room
- d) Priority of access guidelines are adhered to.

PRIORITY OF ACCESS

Our Service aims to assist families who are most in need and may prioritise filling vacancies with children who are:

- At risk of serious abuse or neglect
- A child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment.

BOND PAYMENT

When a position is offered to a family, we require an \$100.00 bond to secure that position. This bond is fully refundable (after a minimum period of three months) when the family no longer requires care with Ballan Childcare and provides the two week notice period required.

Children with disabilities will be enrolled, if in the opinion of management, the Service can meet the child's needs. Additional resources and funding may be required.

FUNDED KINDERGARTEN ENROLMENT FEE

Funded Kindergarten sessions (in the year before school) will be prioritised within our 4-5 year old room and sessions offered daily, Monday to Friday). To register your interest in securing a funded kindergarten session with us, an enrolment fee of \$20.00 will be required. As a continuing booking, there will be no further fees, however, new families to the service and only requiring kindergarten sessions will be required to pay a \$100 bond as per all new families to the service. When your child has graduated their kindergarten year, the bond will then be refunded or applied to care fees (whichever is applicable)

ENROLMENT

When a family has indicated their interest in enrolling their child in our Service, the following will occur:

- Any matters that are sensitive of nature, such as discussing a child's medical needs, Court Orders, parenting plans or parenting orders, will be discussed privately with management. Families will be required to bring any documents required in relation to court orders, or medical needs or plans.
- Families will be invited to come on a tour of the Service.
 - Families will be provided with a range of information about the Service which will include: programming methods, menu, incursions, excursions, inclusion, fees, policies, procedures, sun smart requirements, regulations and the licensing and assessment process for our State signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in, and educator and parent communication strategies.
- Families are invited to ask questions and seek any further information they require.
- Families are given a copy of the Parent Handbook, which outlines the Service operation and philosophy.
- Families will be provided with vacancies, a start date and a suitable time for the child to be orientated to the Service.
- Families will complete the enrolment form informing management of their child's interests, strengths and individual needs.
- If a family or child uses English as a second language or speak another language at home, we request that at this time families provide us with some key words in the language/s the child speaks so that educators can learn the words. Educators will furthermore use visuals to assist the child to understand and be able to communicate with others.
- Families must complete a Child Care Subsidy assessment to check eligibility and entitlements to CCS. This can be done online through myGov website.
- Where there are certain changes to the individual Complying Written Arrangements (CWA) for care between the provider and an individual, the provider must update the arrangement in writing, and the families are required to confirm the changes through myGov.
- Families will be invited to bring their child into the Service at a time that is mutually convenient to familiarise themselves with the environment and educators.
- It is a legal requirement that prior to the child starting at the Service we have all required documents including the completed enrolment form, medical plans, birth certificate or passport, immunisation status and any court orders.
- It is a requirement of the Family Assistance Office that immunisation information held by the Service is kept current. Parents are reminded mid-way through the year to provide any immunisation updates to the Service in order to continue receiving childcare benefits.
- Parents must notify the Service if their child has not been immunised via the enrolment form.
- Families are to be advised that since January 2018 children who have not been immunised due to parent's conscientious objection cannot be enrolled at the Service.
- If a child cannot be immunised due to a medical condition they may still be enrolled at the Service.

- If a child is on a 'catch-up' schedule for immunisations they may still be enrolled at the Service.
- Families are required to provide current Australian Immunisation History Statement (IHS) which shows that the child is up to date with their scheduled immunisations. Immunisation History Statements can be accessed through your 'MyGov' app and/or Medicare, or by contacting the Immunisation Register directly on 1800 653 809 Please note that immunisation details contained in children's Maternal Child Health records are not accepted.
- Unborn children may be placed on the waiting list to avoid the unfair allocation of places that may occur if children can only be placed on the list after birth. If an unborn child is placed on the waiting list, the family must advise the Service of the expected birth date. It is the responsibility of the parent to inform Management of the name and date of birth of the child within three months after the expected birth date. If this information is not provided, then the child and family details will be removed from the list.
- It is the family's responsibility to keep the Service informed of any changes to the information recorded on the application form.
